

**Health Information Systems & Technology
Work Group (HIST-WG)**

28 March 2022

Dear Dr. Joanna Śliwa,

On behalf of the NATO HIST-WG, please accept our sincere appreciation for your support in planning and hosting the spring 2022 meeting in Poland. We are thankful for the time you dedicated to help the team prepare for the meeting. Your suggestions and responsiveness have been instrumental to ensure the meeting is enjoyable and successful. The meeting could not have happened without you and for that, we are grateful.

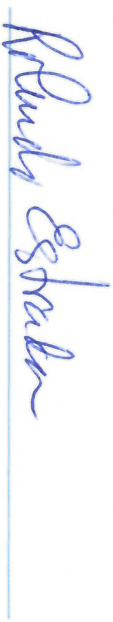

Your contributions enabled us to plan the event knowing the logistics were well-orchestrated. The Military Communication Institute venue, Hotel 500 accommodations, and social activities will facilitate a productive and memorable meeting experience for all working group members. We look forward to learning more about Polish history through the walking tour of Warsaw and dinner at Restaurant Delicja Polska. We are also especially grateful for your guidance regarding international travel and willingness to provide COVID-19 guidelines so that meeting participants can return home safely.

Thank you for all you have done – we are appreciative of your support to ensure the success of the spring 2022 NATO HIST-WG meeting.

Sincerely,

Mr. Mark Goodge, HIST-WG Chair, USA

Mr. Rolando Estrada, HIST-WG Secretariat, USA
